

CARRY OUT FOR THE VALLEY!

106.3 The River is implementing a program working with local businesses that can offer carry out or delivery services.

If you are a business owner and are interested in providing a gift card that will be given away on air then email us to get involved.

Email your request to cindy@1063theriver.com

Need your business name, location, phone number or web site if you can order online.

Then your business will be promoted on air at no cost, except for the gift card, which in return will create traffic.

We're also posting info online at 1063theriver.com
