## **FORM ENERGY TO HOST OPEN INTERVIEW DAY IN CORAOPOLIS, PA ON THURSDAY, AUGUST 17 FOR MANUFACTURING ASSOCIATES**

Eighty-Four, PA – August 14, 2023 – Form Energy, an American technology company developing, manufacturing, and commercializing batteries to increase the security, resiliency, and reliability of America's electric grid, will host an open interview day at the Pittsburgh Airport Marriott Hotel on Thursday, August 17, 2023. The hiring event is targeting [Manufacturing Associates](#) to work across all shifts at Form Energy's facility in Eighty-Four, PA, just outside of Pittsburgh. Form Energy offers full benefits, paid time off, and a 401K.

Since 2021, Form Energy has operated a 52,000 square foot manufacturing facility located in Eighty-Four. Home to its advanced manufacturing team, Form Energy's Eighty-Four facility is where the company operates a pilot manufacturing line to test its manufacturing processes and prepare for the scale up and broad commercialization of Form's iron air battery systems.
